

FELIX

Felix è una collezione di divani caratterizzata dalla struttura aerea, leggera e lineare, poggiata su piedini metallici cromati, su cui si innestano visivamente i soffici cuscini di schienale ed i braccioli che contengono le sedute. È interessante il contrasto creato dagli elementi portanti più rigidi e squadri con la morbidezza delle cuscinate che assicurano grande comfort.

Felix is a sofa collection characterized from a aerial, linear and light structure, that lean on chrome metal feet, where the soft back seats and arms are inserted to contain the seats. Is interesting to be noted the contrast between the self standing elements with squared lines and the cushions softness that assures great comfort.

Design Carlo Bimbi & Carlo Sironi

L'originale concept progettuale di Felix è ancora più evidente nella versione con rivestimento in tessuto che concede maggiore libertà negli abbinamenti di toni e materiali.

The Felix original project concept is even more evident in the version with fabric upholstery that gives more liberty to colors and material matching.
